Scope
This standard applies to all University of Arizona units that have a legal, regulatory or contractual obligation related to any compliance program, i.e., Export Control, FERPA, FISMA, HIPAA, PCI DSS, or any compliance area.

Units that are part of compliance programs shall maintain documentation, written or electronic, on implemented policies and procedures regarding regulatory compliance. Additionally, if an action, activity or assessment is required, this also shall be documented and maintained. Units shall retain the documentation according to specific compliance requirements from the date of creation or the date when last in effect, whichever is later.

Units shall make documentation available to those persons responsible for implementing and maintaining compliance programs.

Additional guidance on regulatory documentation requirements can be found in the Compliance Program Documentation Guideline (IS-G101).
